

Harbor General Appoints New Volunteer Director

A retired Army sergeant who has served for the past three years at San Bernardino County Hospital has been named chief of patient programs at Harbor General Hospital.

He is Frank Crase, who for the past three years has been coordinator of volunteer services at the San Bernardino Hospital. Crase is a veteran of 20 years in the Army and retired with the rank of first sergeant.

He succeeds Marguerite Broen McAllister, who retired last July 14, after guiding the volunteers at Harbor General Hospital for more than 12 years.

IN HIS new position, Crase will be responsible for coordinating activities of the hospital's Auxiliary, Candy Strippers, and Volunteers for Children.

The new director of patient

programs was introduced to the hospital staff and to volunteer and community organizations Monday as a reception held at the hospital.

Crase served as a recruiter in the San Bernardino area while he was in the Army and in that capacity worked with numerous community and youth groups. He also has served in public information offices for the Army.

HE BEGAN his Army career in the Medical Corps and served from 1940 to 1945 in the European Theater of Operations. He left the Army in 1945 and served in several large firms in managerial positions.

Crase returned to the Army in 1953, joining the Intelligence Section, Engineering Headquarters, European Theatre. In 1953 and 1954, he served at Ft. Winfield Scott, Calif., and then served four

years as a supervisor at the Adjutant General's Field Printing Plant in Germany and France.

From 1958 until his retirement in 1964, Crase served in the public information offices at Ft. Lewis, Wash., and in Heidelberg, Germany, with the 40th Engineer Topographical Company in Korea, and as a recruiter in San Bernardino.

The city's seal were ordered for each player.

Among other items of business, the councilmen approved the establishment of staggered setbacks for homes being built on 182nd Street east of Crenshaw Boulevard; approved a request of St. Andrew's Episcopal Church, 1432 Engracia Ave., for a variance to the off-street parking requirements to permit reconstruction and enlargement of the parish hall.

A CONTROVERSIAL zoning request submitted by Telo Koteles was denied unanimously by councilmen after a hearing which brought out many residents of the area to protest. Koteles had requested a variance to permit the construction and operation of a professional office building on Via Valmonte at the intersection of Paseo de las Torugas.

Concurrence with a Planning Commission recommendation for denial was voted after residents nearby charged the variance would introduce spot zoning in a residential area and would place multistoried buildings adjacent to valuable residential view lots.
